Claims 1-13 are cancelled by the preliminary amendment filed on May 3, 2002 and claims 14-34 are inserted and pending in this application.

### **DETAILED ACTION**

#### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Hill, Gregory on February 5, 2004.

The application has been amended as follows:

#### **In the claims:**

Please cancel claim 29.

2 Claims 14-28 and 30-34 are allowed.

#### **STATEMENT OF REASONS FOR ALLOWANCE**

3 The following is an examiner's statement of reasons for allowance:

Moeller et al. (WO 99/18916) teaches a hair dyeing composition comprising a combination of at least one onium aldehyde or onium ketones of a formula (I), at least one compound containing a primary or secondary amino group or hydroxyl group selected from primary or secondary aliphatic or aromatic amines, nitrogen-containing heterocyclic compounds, amino acids, oligopeptides made up of 2 to 9 amino acids as well as aromatic hydroxyl compounds and/or at least one CH-active compound (see abstract). However, patentee differs

Art Unit: 1751

from applicants in that Moeller et al. does not teach or suggest a composition comprising a combination of at least one aromatic aldehyde or ketone of the claimed formula (I) and one or more CH-active compounds of the formulae II and III as claimed. Further, Moeller does not teach a method for dyeing hair comprising applying to the hair the dyeing composition as described above. Accordingly, the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of hair dyeing formulations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
